Dear Mr Hayter and Mrs Cotterell,

Re: Lack of grounds maintenance at the BT Telephone Exchange in Duck Street causing a risk to health and safety also fire.

I would be most grateful if you would arrange for this subject to be added to the agenda of the next Parish Council meeting which is published as being on 4 October 2018 at 7PM.
I hope to attend the meeting (bar traffic problems returning from London on the M3 that evening).

In short, we residents whose property backs onto the exchange are much troubled and concerned by the lack of grounds maintenance by BT. At present there is a rodent and fox problem in the grounds. Fox is proven by a night vision camera in my garden where the foxes have been digging. There has been no ground clearance for over one year until last week. When I spoke to the contractor he told me that his brief was to cut grass just one foot around the path running around the building. Residents have tried to protest to BT all to no avail. WE NEED YOUR HELP!

Yours sincerely,
