

## **Wildflower Meadow**

The wildflower meadow urgently needs mowing, but we are having difficulty in finding a contractor who fulfils the Parish Council's conditions.

Three people who regularly do grass cutting and mowing within Abbots Ann have been approached, but they all have public liability insurance with £1m cover and say it would cost them a considerable amount (£60 to £100 pa) to increase this to £5m.

So I am writing to ask whether the PC would regard £1m as sufficient for essentially a simple mowing job (no chain saws etc involved).

I would mow the grass myself but have no means of transporting my quite large mower up to The Green.
